

85 ARE MISSING IN SINKING OF THE LINER LARACHE

Fishermen Save Only 65 from
Wreck on Spanish
Coast.

CORUNNA, Spain, June 23.—Latest reports show that eighty-five persons are missing as a result of the sinking of the steamship Larache yesterday. The rescued number sixty-five. The captain sank with his ship.

Most of the passengers on the Larache were residents of the Argentine Republic. The steamer was little more than an old tub, and she proved a veritable death trap when she struck on the rocks near Muros. She sank in a few minutes, leaving the passengers and crew struggling and screaming in the water.

The small boats on the Larache were either smashed or capsized. There was a fleet of fishing boats in the neighborhood, and these rushed to the rescue, but the heavy fog prevailing seriously interfered with their work.

The fishermen succeeded in rescuing sixty-five persons. In addition to the captain, the ship's doctor and the first officer were drowned. The disaster occurred at 5 o'clock in the morning, and most of those who were saved were without clothing. It is feared that all of the missing were drowned.

It has been ascertained that the number of passengers and crew of the Larache totaled 150. Sixty-five persons are known to have been saved, but the fate of the other eighty-five is not known, and it is feared that most of them perished.

S.S.S. OLD SORES

No old sore can heal until the cause which produces it has been removed. External applications of salves, washes, lotions, etc., may reduce the inflammation and assist in keeping the place clean, but cannot cure the trouble because they do not reach its source. Old sores exist because the blood is infected with impurities and poisons which are constantly being discharged into the place. The nerves, tissues and fibres of the flesh are kept in a state of irritation and disease by being daily fed with the germ-laden matter through the circulation, making it impossible for the sore to heal. S. S. S. cures chronic sores by its purifying action on the blood. It goes down into the circulation, and removes the poison-producing germs, impurities and morbid matters which are responsible for the failure of the place to heal. S. S. S. makes the blood pure, fresh and healthy; then as new, rich blood is carried to the spot the healing process begins, all discharge ceases, the inflammation leaves, new tissue begins to form, the place fills in with firm, healthy flesh, and soon the sore is permanently cured. S. S. S. is purely vegetable, the safest and best blood purifier for young or old. Book on Sores and Ulcers and any medical advice free.
